How do I start using my corporate membership at Courageous?

Check-out Sail

Your corporate membership is ready for you — all you need to do is activate it!

Your first step is to schedule a check-out sail. One of our staff will accompany you on the boat for about an hour to assess your

Flag Rating

skills. Next, you'll take and review a written evaluation on terminology and rules of the road.

Check outs must be scheduled in advance of your first sail; please call or email the Front Desk.

Membership Portal

After activating your membership, be sure to check in with the Front Desk staff about creating an account so you have access to the Member Portal on our website. This is where you'll make boat reservations, find crew, and access other great resources.

More about Lessons!

Teaching newcomers how to sail is what we do best at Courageous! We like to say "Give us two weekends, and we'll give you a lifetime on the water."

For beginners, the Learn to Sail course is structured across two weekends and is designed to give you the tools you need to sail confidently on your own.

If you are seasoned sailor, our cruising courses open the doors to bigger boats and farther shores.

Member Events & Racing

Courageous is about building community. As a corporate member, you are welcome to attend member cookouts, trivia nights, clinics, moonlight sails, and so much more. Upcoming events can always be found on our calendar, www.courageoussailing.org/events/calendar/, and are detailed in a weekly member newsletter.

Weekly racing is a popular activity at Courageous, carrying on the legacy of our namesake, the America's Cup yacht "Courageous." Our members gather for friendly, competitive Rhodes 19 racing on Tuesday (Advanced) and Thursday (Beginner/Intermediate) evenings. Join us!
